"This was my first ever experience with earthwalkers and I am glad I participated with them. All the places that I visited and the modes through which I visited were completely extraordinary and a wonderful experience. Moreover being a teen and going with strangers could have been tough but the owner Irfan and all the people he had gathered made sure that it was a travel worth cherishing and made me confident too. Highly satisfied with this first trip with earthwalkers to VOF and Hemkund and definitely looking forward to travel more with the assistance and fun of earthwalkers".
